

Jun 8-10, 2021 **Updates in Hospital Medicine**

This course offered by the University of Washington is directed toward hospital medicine clinicians. The purpose of the course is to update the skills of inpatient providers with a focus on common problems in clinical care, this year highlighting COVID. Topics to be presented include wellness and burnout, and an entire afternoon session will be focused on COVID. (*Live Webinar*)

Jun 30, 2021 **18th Update: Travel Medicine in the Era of COVID**

This conference will provide an overview of travel medicine and global health and is targeted toward physicians and other health professionals with an interest in travel medicine and global health. Morning sessions will focus on traditional travel medicine topics, with the afternoon sessions addressing travel in the era of COVID-19. (*Live Webinar*)

Aug 8-10, 2021 **Emergency Radiology 2021**

Focusing on Emergency and Trauma Radiology, attendees will learn new and updated approaches for imaging management of patients. Lectures will discuss radiological updates, cost-efficient approaches to managing patients, and determination of necessity for imaging. (*Live Webinar*)

Aug 13-14, 2021 ***Save the Date!* Men's Health Update 2021**

Sep 13-16, 2021 **49th Annual Advances in Family Medicine and Primary Care**

This is the 49th year that the Department of Family Medicine at the University of Washington School of Medicine is offering educational opportunities for family medicine and primary care health care providers. Each year our goal is to provide current information about practice skills and the diagnosis and management of a broad array of primary health care issues within family medicine, cardiology, endocrinology, psychiatry and behavioral science, neurology, sports medicine, women's health, pulmonology, nephrology, infectious disease, chronic pain, pediatrics, and gastroenterology. Come join your colleagues on this four-day educational program geared toward keeping clinicians updated in the advances of family medicine. (*Live Webinar*)

Nov 4, 2021 ***Save The Date!* 14th Annual John D. Loeser Pain Conference: Chronic Pain Management for Primary Care in a Changing World**

Enduring Materials

Diabetes Management in Primary Care Through Telemedicine (FREE)

In this enduring material, tips for outpatient practices are offered to manage individuals with type 2 diabetes using telemedicine and available continuous glucose monitoring technology.

13th Annual John D. Loeser Pain Conference: Chronic Pain from Disease, Injury and Other Life Traumas: Identification, Prevention, and Management

This recorded webinar features faculty who will emphasize vulnerable populations, review clinician-led approaches to patient pain education, propose why opioids may interfere with improvement, and how multidisciplinary care delivered via telehealth offers opportunities to increase access to effective chronic pain management.
